## Summary

I am a highly motivated and dedicated web developer with 2+ Years of experience building webapps with NextJS, React, NodeJS, Express, MongoDB, and a bit of Flask Sprinkled in.

- Proficient in Next.js, React-Native, NodeJS, JavaScript, and Python
- Strong understanding of front-end development principles and libraries for agile web development
- Familiarity with version control systems, such as Git
- Solid understanding of object-oriented programming concepts
- Ability to write clean, modular, and efficient code
- excellent problem-solving and analytical skills
- Strong communication and collaboration skills

I am looking out for opportunities to contribute to the development of dynamic and user-friendly web applications. Eager to apply my skills, learn, and grow in a professional environment.
